

# Discover the Bahamas on The Juliet!

July 21 – 27, 2018

We're partnering with Red Alert Diving on our annual sail to the Bahamas on board The Juliet. Easy Divers Staff Instructor Matt Scroggins is leading this popular excursion. We continue to be very impressed with the condition of the reefs and our exclusive dive sites. And, The Juliet is the best way to experience them. We love the service, comfort and adventures we have year after year on this 104 foot schooner.

The Juliet has 6 private cabins, accommodating 12 passengers. Deluxe cabins include private, ensuite sinks, showers and heads. Each Standard cabin has a sink and passengers share easily accessible heads and shower. Each cabin has a unique layout with plenty of storage and bunk configurations. Travelers have been known to request their special cabin. Passengers enjoy their buffet-style meals in the salon or on the shady deck.

The dive deck is mid-ship with easy access for giant stride entries from either side of the boat. Each diver has his own gear storage box. And here's the best part—once your gear is set up on your tank, you don't break it down again until the end of the trip! Tanks are filled right from your spot.

Three to four dives are offered daily, depending on weather and itinerary. Due to the remote dive locations and the multi-day repetitive diving, we request that all divers use Enriched Air and be Nitrox certified.
