

# Easy Divers Student Agreement

Welcome to the PADI Open Water Scuba Course. Thank you for choosing Easy Divers. Please carefully read through this agreement, s

To register: we must have the completed PADI Medical Statement, and the non-refundable \$175 deposit. Once this paperwork has been turned in, your class space is reserved and you will receive your E Learning Link. *Please note: Balance of class tuition is due on the first night of class. If you cancel the class you have registered for with less than a 7 day notice, there will be a \$50 re-registration fee required in order to reserve another class space.*

Students must have their personal snorkeling equipment no later than the second class session. All gear is not suitable for SCUBA, so please do **NOT** buy anything until after your registration appointment. If students already own snorkeling equipment, it will need to be inspected during the registration appointment to make sure it meets the standards for SCUBA.

We understand that occasionally a student may miss a session; a make up class may be scheduled with the instructor. Make up fee is \$35 for class sessions held within the same calendar month, and \$60 for make-up sessions held in following months.

For students who would like or need additional water practice sessions outside of scheduled class times, sessions are available during our Monday night and Saturday Fitness Fanatic Sessions. Activity fee is \$20 and must be paid at time of registration. Registration is required 24 hours in advance and may be scheduled by calling 901-753-2926.

Open Water Training ( four dives conducted over two days) is required in order to obtain your PADI certification card. **Open water travel fees are not included in your tuition payment.** Certifying dives may be completed on an Easy Diver sponsored trip, or with PADI Instructors anywhere in the world. The cost for Open Water Referral dives is set by the certifying instructor, and is the sole responsibility of the student.

Local quarry dives are \$295 for the weekend and include customized itinerary, pre-trip mandatory water practice session, use of scuba gear (Buoyancy jacket, regulator system, tank and weights), final certification card, quarry admissions, air fills, Saturday dinner and Easy Divers staff supervision. Florida Springs dives are \$385 for the weekend and include everything above plus two nights shared bunkhouse accommodations. Please note: for water temperatures below 82 degrees a wetsuit will be required for Open Water Dives. For hygienic reasons we do not rent suits. We offer a pre trip student discount on all of our WATERPROOF and TILOS suits.

Certified friends and family members who have completed the mandatory pre-trip water practice session, are welcome to dive with the student on a space available basis. Although every effort is made to allow students to dive with certified family and friends, the strict instructor-to-student ratio required by PADI may limit training dives to students only. The trip fees levied cover the actual expense of the dive destination and also cover the cost of the staff members to be present. If friends and family will be any part of our diving day, there is a graduated trip fee schedule included on the itinerary.

Students have six months to complete their Open Water Training Dives without being required to participate in additional pool practice sessions. Group sessions are \$25 each and private sessions are \$60 each, (the number required will depend on the individual).

I have carefully read and understand the Easy Divers company policy.
