

## *It's Better in the Bahamas - Join us on The Avalon!*

**July 27 - August 2, 2019**

This 65 foot sloop is one of our favorite live aboard adventures. She sails out of Nassau, Bahamas and has a large area of fun and exciting dive sites to explore. Days are filled with food, fun, diving, island hopping, snorkeling and laughter. This adventure is led by Saralynn, a PADI Master Instructor who will make sure that all divers have a safe, easy, fulfilling experience.

[www.lostislandvoyages.com](http://www.lostislandvoyages.com)

The Avalon has 6 air conditioned cabins, accommodating 12 passengers. Each cabin has a sink, and passengers share easily accessible heads and shower. This experience is a lot like camping at sea, although we have a cook who provides our lovely meals and snacks, a Divemaster who keeps our tanks full, an engineer who makes everything run, and a Captain who gets us wherever we want to go. All we have to do is show up ready for fun.

The dive deck has a personal staging area for each diver with easy access for giant stride entries from either side of the boat. Each diver has his own gear storage box. And here's the best part—once your gear is set up on your tank, you don't break it down again until the end of the trip! Tanks are filled right from your spot.

Three to four dives are offered daily, depending on weather and itinerary. This trip is an easy choice for both beginner and more advanced divers. Saralynn will be offering in water guided dives and dive teams may also make their own planned dives unescorted.
